shlink

URL shortener — shlink.io

Donated to maintainer.

Advantages

- Self-hosted
- Tags & QR generator built-in

The screenshot displays the Shlink web interface. At the top, there's a navigation bar with the Shlink logo and links for Settings and Servers. The main content area is divided into a sidebar and a main panel. The sidebar contains navigation options: Overview (selected), List short URLs, Create short URL, Manage tags, and Manage domains. The main panel features four summary cards: VISITS (20,075), ORPHAN VISITS (61,443), SHORT URLs (166), and TAGS (82). Below these is a 'Create a short URL' form with fields for 'URL to be shortened', 'Custom slug', and 'Add tags to the URL', along with a 'Save' button and an 'Advanced options' link. At the bottom, there's a 'Recently created URLs' table with columns for Created at, Short URL, Title / Long URL, Tags, and Visits.
